

**For immediate Release as of 2/17/10**

**Notice of Adoption of Administrative Rules of the Sauk River Watershed District**

**The following is a summary of the Sauk River Watershed District's Administrative Rules approved by the Board on February 16, 2010:**

The Sauk River Watershed District has adopted new administrative rules that clarify the District's governance process; amend the District's permitting process; impose requirements and performance standards on activities that impact storm water, have the potential to cause erosion, involve significant drainage work, or involve water uses; foster coordination with other regulatory entities; and strengthen the District's enforcement options.

**A complete, printed copy of the administrative rules is available for inspection by any person during regular office hours at the district office. The rules may also be viewed online at [www.srwdmn.org](http://www.srwdmn.org).**
